 - Presentation
 - LEA Perspectives
 - Questions and Answers
- IV. Wrap-Up

U.S. Department of Education Race to the Top On-Site Visit

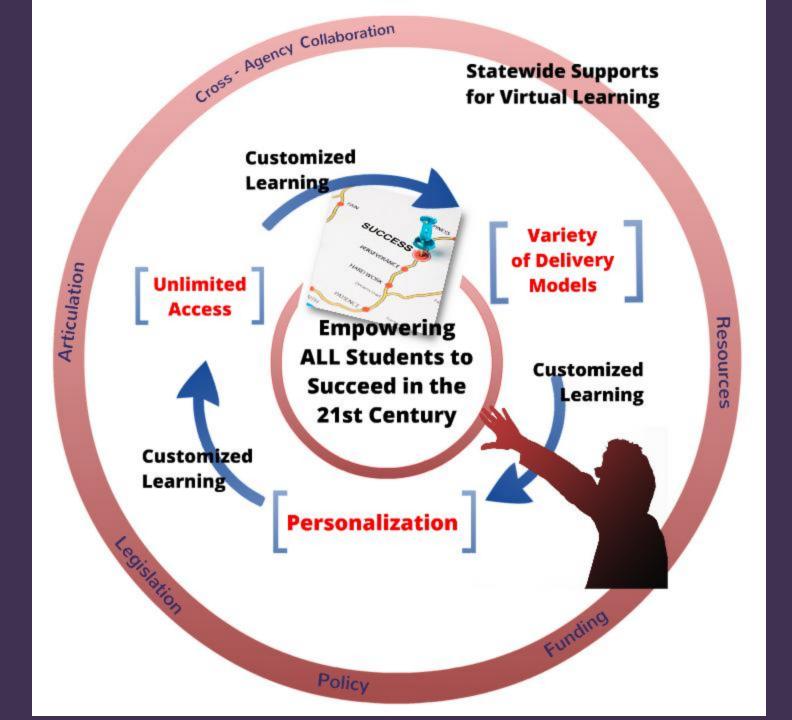

Sharon Lee and Holly Walsh Rhode Island Department of Education

Virtual Learning Guiding Principles

- All learners have access to high quality learning opportunities
- All learners supported in reaching academic and career goals
- Supporting reliable and ubiquitous access to internet and technology
- Coordinating statewide efforts supporting virtual learning in RI (comprehensive and coherent policies, resources, articulation, collaboration)

- Virtual Learning Efforts
 - Virtual Learning Regulations
 - Virtual Learning Bill
 - Access to technology
 - Technology Bond
 - All Inclusive Device Solution Letter of Interest
 - Virtual Learning Math Modules (Race to the Top)
 - Innovation Powered by Technology
 Model School Grant

Virtual Learning Regulation

Board of Regents Regulation

- Guiding Principles
- Draft Outline
- 1st Draft
- 2nd Draft
- Public Comment
- Approval

Statewide Virtual Education Act

- McNamara
- H 7126 A2

http://www.ride.ri.gov/Regents/CurrentAgenda.aspx

Access to Technology

Technology Bond

All Inclusive
 Device Solution

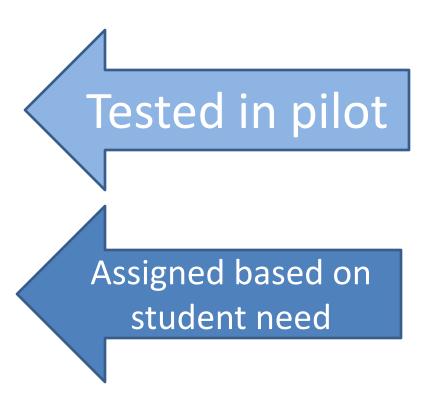

- Why Virtual Learning Math Modules (VLMM)?
 - High School Regulations 2014
 - Alarmingly large number of 11th Grade Students not meeting partially proficient on math NECAP
 - Immediate need and long term need
- Context
 - HS Regulations / Progress Plan
 - Response to Intervention
 - Blended learning opportunity

Math Modules

The eight mathematics modules cover the critical foundational skills that are related to mastery of algebraic and geometric principles. Online math tutors are available to support students in the successful completion of the modules.

- 1. Algebra and Expressions
- 2. Word Problems
- 3. Test Taking Strategies
- 4. Solving Equations
- 5. Coordinate Planes
- 6. Right Triangles
- 7. Congruence
- 8. Circles
